

R270, R271, and R272 Clinical Course Requirements Checklist
Summer Semester of 2nd Year (4 credit hours) / Fall Semester of 2nd Year (4 credit hours) /
Spring Semester of 2nd Year (4 credit hours)

In addition to performing radiographic exams, the following information and documentation are REQUIRED for this clinical course. Failure to complete any of these items will result in a reduction in the clinical course grade. It is not the responsibility of the CP to inform students of delinquencies or missing activities/documents before calculating clinic course grades. The student must verify everything on this list at mid-term and semester end. Academic Misconduct will not be tolerated.
