

## **Across The Field**

*(Sijo version)*

By Kevin Watts

Spring and summer bring showers to blossom and grow our flowers.  
Oh how I love to soak up the sunshine and warmness it brings.  
Fall and winter bring new colors but the cold overpowers.

## **Across The Field**

Spring and summer  
Bring showers  
    To blossom  
And grow  
Our flowers

Oh  
How I love  
To soak up the  
    Sunshine  
And warmness  
It brings.

Fall and winter  
Bring  
New colors  
But  
    The cold  
Overpowers.
